Dear Motor Carrier:

This letter is to inform you that your application for authority to operate in United States municipalities on the United States-Mexico border and their commercial zones has been approved. Enclosed is your U.S. DOT number and provisional Certificate of Registration, a copy of which must be maintained in any vehicle providing transportation service within the scope of the Certificate. You are reminded that while operating in the United States you are required to comply with all applicable U.S. Federal Motor Carrier Safety Regulations (FMCSRs), Federal Motor Vehicle Safety Standards (FMVSS), and Hazardous Materials Regulations (HMRs).

In accordance with 49 CFR part 385.103, you must undergo a safety audit of your company sometime during the 18-month provisional operating period. Please contact your local Division Office of the Federal Motor Carrier Safety Administration (FMCSA) to schedule the audit. FMCSA will continue to monitor your operating procedures to ensure compliance throughout the 18-month monitoring period. You must notify the FMCSA of any change(s) in the carrier information previously submitted in parts I, IA or II of Form OP-2 or Form BOC-3 within 45 days of the change or correction.

Lastly, should you commit one, or more, of the expedited action violations described in 49 CFR 385.105 before the provisional Certificate of Registration becomes permanent, you may be required to undergo an expedited safety audit or compliance review or, in the alternative, submit a written response demonstrating corrective action. Failure to respond within 30 days to the Agency's demand for a written response will result in suspension of your provisional Certificate of Registration.

Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and

Dear Motor Carrier:

This letter is to inform you that your application for authority to operate in United States municipalities on the United States-Mexico border and their commercial zones has been approved. Enclosed is your U.S. DOT number and provisional Certificate of Registration, a copy of which must be maintained in any vehicle providing transportation service within the scope of the Certificate. This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). Failure to maintain an agent for the service of process will constitute sufficient grounds for suspension or revocation of this authority.

This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.

CERTIFICATE OF REGISTRATION

MX Number: 1501879

VALERIA AIDA ORTA VARGAS
MATAMOROS, TM, MX

This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). Failure to maintain an agent for the service of process will constitute sufficient grounds for suspension or revocation of this authority.

This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.

Dear Motor Carrier:

This letter is to inform you that your application for authority to operate in United States municipalities on the United States-Mexico border and their commercial zones has been approved. Enclosed is your U.S. DOT number and provisional Certificate of Registration, a copy of which must be maintained in any vehicle providing transportation service within the scope of the Certificate. You are reminded that while operating in the United States you are required to comply with all applicable U.S. Federal Motor Carrier Safety Regulations (FMCSRs), Federal Motor Vehicle Safety Standards (FMVSS), and Hazardous Materials Regulations (HMRs).

CERTIFICATE OF REGISTRATION

MX Number: 1501880

PETROTAL SA DE CV
JUAREZ, CH, MX

This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). Failure to maintain an agent for the service of process will constitute sufficient grounds for suspension or revocation of this authority.

This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.

This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.

This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). GILDARDO PEREZ REYES
LLANTERA GILDARDO'S
ENSENADA, BA, MX

This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a private carrier of property (handling your own goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). Failure to maintain an agent for the service of process will constitute sufficient grounds for suspension or revocation of this authority.

This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.
