This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.

RECAUDADORA DE FLETES MEXICANOS SA DE CV  
GARCIA, NL, MX

This Certificate of Registration is evidence of the motor carrier's authority to engage in transportation as a common carrier of property (except household goods) by motor vehicle in interstate or foreign commerce, between points in Mexico and points entirely in a municipality that is adjacent to Mexico, in contiguous municipalities in the United States, any one of which is adjacent to Mexico, or in a zone that is adjacent to, and commercially a part of the municipality(ies). (These are known as the border commercial zones).

This authority will remain in effect only as long as the carrier is in compliance with requirements pertaining to the designation of agents upon whom process may be served (49 CFR part 366). Failure to maintain an agent for the service of process will constitute sufficient grounds for suspension or revocation of this authority.

This authority may also be suspended or revoked if the carrier fails to demonstrate that it is exercising basic safety management controls during the safety monitoring period established in 49 CFR part 385, subpart B. Willful and persistent noncompliance with applicable safety fitness regulations may result in the suspension or revocation of this authority at any time.

Entry into the United States at an international border location is authorized only if all of the following documents are carried in the vehicle:

- (1) a copy of this Certificate of Registration,
- (2) an insurance identification card, binder, or other document issued by an authorized insurer which specifies both the effective date and expiration date of the insurance coverage to cover the carrier's operation during the time it is in the United States, and this evidence must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration, and
- (3) a Form MCS-90 endorsement document and this form must show the name of the insured to be exactly as the name of the holder of this Certificate of Registration.
